

## 903098-1: TECH S2

Tech S2 is a very light safety shoe made of extremely strong and breathable antibacterial microfiber which are some of the unique benefits making this shoe suitable for the food industry. The new **S-Lock** system makes it easy to adjust the shoe. Removeable Antibacterial and machine washable insole with heel support helps for good comfort for the feet over a long working day. The dual density PU/PU outsole meets the highest demands regarding slip resistance to protect you on any ground.
