

## 911480: KUNZIT

All-round safety winter boot in extremely flexible and durable fullgrain leather. Thinsulate (r) and high quality synthetic fur lining will keep your feet warm, even at low temperatures. Closure system with laces and original YKK zipper is covered on the inside of soft leather, which makes it water resistant. Composite toe cap and protective fiber midsole. The special designed antistatic outsole is very slip resistant and provides a good grip on the surface. Suitable for construction, crafts and industry.
