806072-2: S-Feel Bronzit

Super light and smart safety boot with S-Lock lacing system which ensures easy application and a comfortable fit. The upper is in strong waterproof nubuck leather and breathable San Dry membrane. The safety boot is equipped with composite toe protection, flexible fiber seam protection and reinforced ProNose for extra wear resistance. The midsole in EVA provides both super shock absorption and has a high re-bounce effect. The rubber outsole provides an extremely high level of slip resistance.
